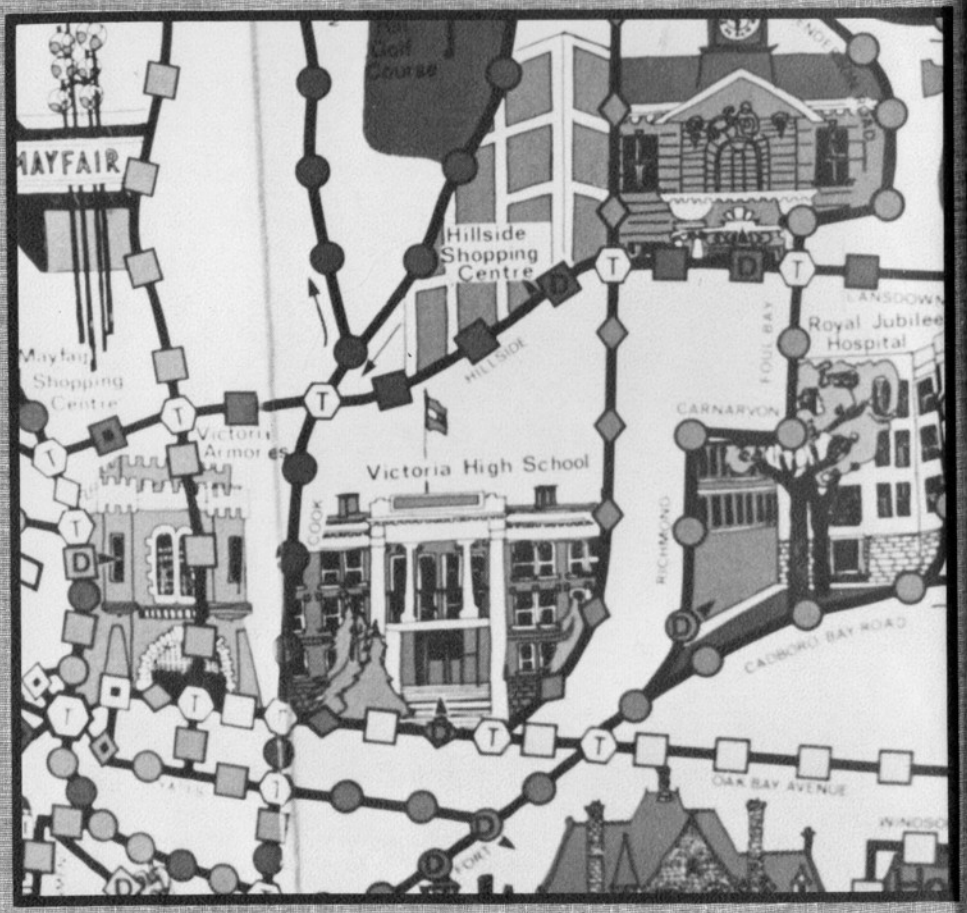
We all have one thing in common . . . going to school.

Dear Diary,

Welcome back to school! Well, this year I have come back to school and will learn new things. School is a place where my friends and I meet everyday. Each year, we make new friends and face everyday challenges such as long line ups in the cafeteria and possibly failing the same subjects as the year before. But, through and through, we have one thing in common, and that's going to school together.

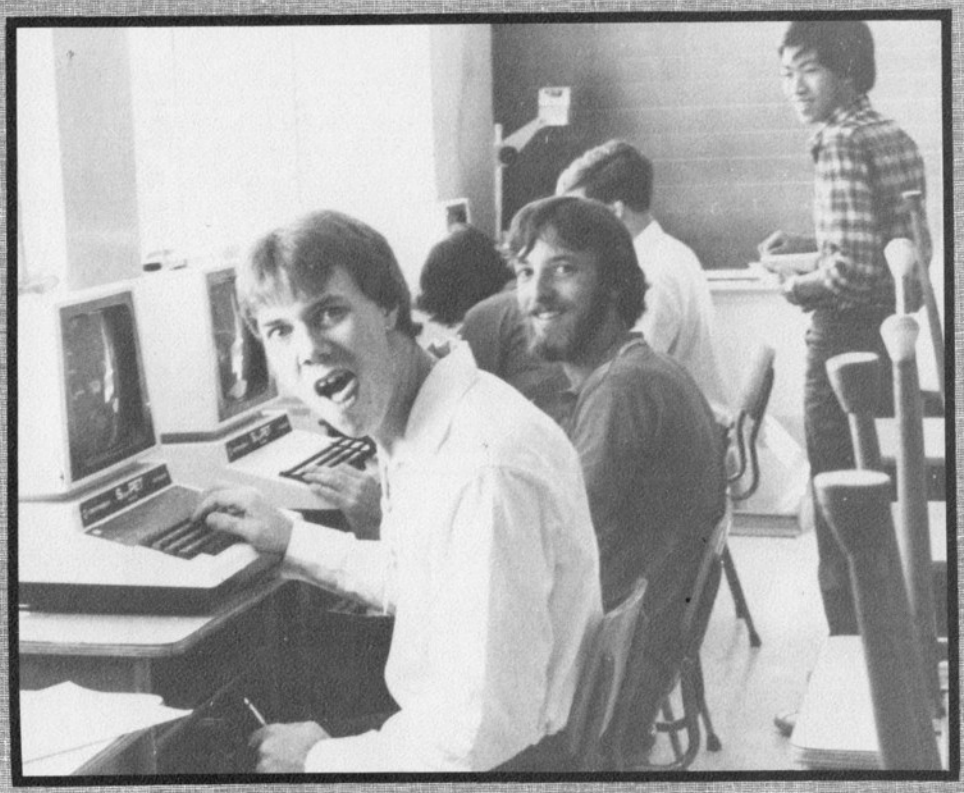
"Please, keep me out"

"Yes fans, I'm back".

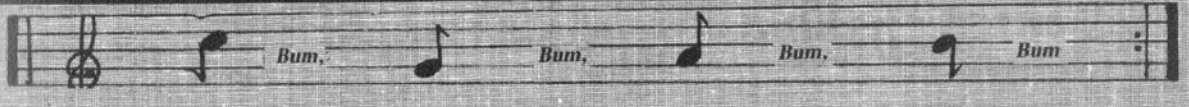


Take the No. 10 Haultain

School is for the birds.



"Quiet, I'm trying to work!"



Though we are all different, we are all under one solid roof together.

When I look around in our school, I find many different kinds of students. There are academic, business, industrial education, ESL, and GLA students (just to name a few). Vic High is probably one of the schools with the greatest number of different ethnic backgrounds. Because we all are so different in our nationalities, interests, favourite subjects, the way we look, and our attitude and characteristics, it is each and everyone of us who make up Vic High.

On top of it all.

It's easier than you think.

Over here!

Teacher's pet

Each and everyone of us contribute to the school in some way. This sets the path for reflecting the memories of our school's history and of our past.

Each and everyone of us is part of our school's history. It is who we are and what we do that make our school so unique. We all should be proud of what Vic High is today.

The name "Camosun" has been the name of our yearbook since 1927. The foundation of the present city Victoria was called Fort Camosun. Camosun is the Indian name for the "The Gorge", and it means the "cut" that joins the upper waters with those of the arm: Also, the camosun was the Indian name for Victoria Harbour and referred to the blue Camas flowers which surrounded it.

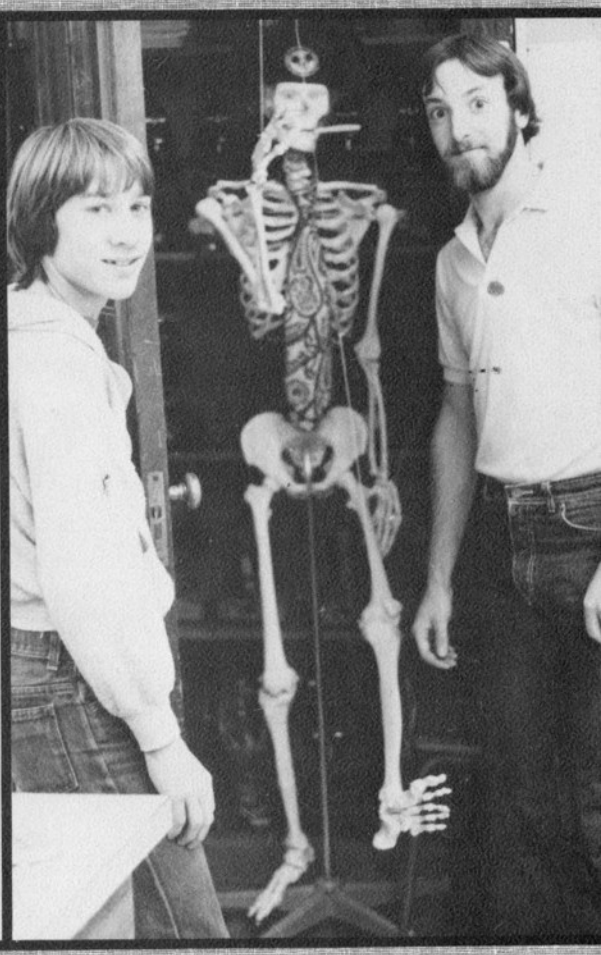
School Song

Come give a cheer for Victoria High!
We never falter; we never die
Raise our colours, black and gold
And cheer for the team so brave and bold!

If any one should question us why,
We give a cheer and then we reply
That we're seven hundred strong
And this is our fighting song!

Rah! Rah! Rah!



SURPRISE!!!!!!!!!

One thing that school brings closer is friendship.

Identical twins

School gives us a chance to come together to make new friends and learn about each other. Without friends, school would not be as pleasant, and we would have no one to share our laughter and fun times with. No one could live without friends. I know I would be very lonely without a friend. Everyone needs a helping hand here and there and someone we may ask for advice or listen to our problems. Whether it is during class time, between classes, lunch time or after school, we are always together with friends.

"U-knighted we sit"

All the fun times filled with laughter makes the day go by a little faster.

When we share all the fun times with our friends at school, it is not the most important thing; however, it is with sharing fun times which makes school so enjoyable. Time flies when everyone is having bundles of laughs. The school day seems to go by just a little faster. No matter what course we are taking, whether it is a biology field trip, band practise, an essay writing period or just cutting paper, we all can find fun times when shared with our friends.

We come to school not only to read and write but also to learn about life and society.

"We all come to school to learn how to read and write, but remember that is not all we learn. Also, in many ways, school prepares us for a demanding life after grade 12 graduation. It teaches and demonstrates to us about the facets of the society and the community in which we live. I guess learning how to read and write is just the first step in learning about the world around us. When we understand and accept the world for what it is, we will be ready to leave school and start a new life on our own.

The Cafeteria 12 class of blocks 'B and C prepares the food for the cafeteria which is served daily during lunch. The great cooks consisted of: Vicki Young, Karen Young, Christine 'Piche, Mike Goodwin, Laura Miller, Leanne Stovel, Miss 'Peggs (sponsor), and 'Doug 'Riddell. In helping the students of Vic High to eat a more nutritious lunch everyday is another way we learn about life and society.

In addition, Andrew Kuzminski designed a Santa's sleigh for the Christmas parade on 'Douglas Street last 'December.

Assessment team at work

Because of the closing of S. J. Willis last June, Vic High gained the Secondary Assessment Team this year. The team consisted of Mrs. L. Tarrell, Mrs. A. Reeve, Mr. M. Sharlow, and Mrs. S. Reid, secretary, work throughout the district at the junior and senior secondary level doing assessments and consultation with students experiencing academic difficulties. Also, with the closing of Dean Heights, we gained the general learning assistance students. I would like to welcome you all to Vic High!

In keeping with the spirit of the season?

Interesting bunch

Our wishes and ambitions may be different, but we are all striving for the same thing . . . success.

We all have different dreams, wishes and ambitions. Whether it is our favourite subject or our worst subject, we try our very best. When it comes down to it, we work with all effort for ourselves and our self satisfaction. Even though our future path may or may not meet with another of our friend's path, we are all striving for the same result; and that is success.

Down on all three

The main purpose of school is to prepare us for a career in life through the understanding of everything we have learned.

It is learning how to read and write, calculate math problems, about sportsmanship through the participation in sports and clubs which accumulate and broaden our understanding about the process needed in order to achieve success in a career. Everything each and everyone of us does for ourselves and for others in our school prepares us for our career life in the future. In understanding everything we have learned, we are one step closer to our career and success.

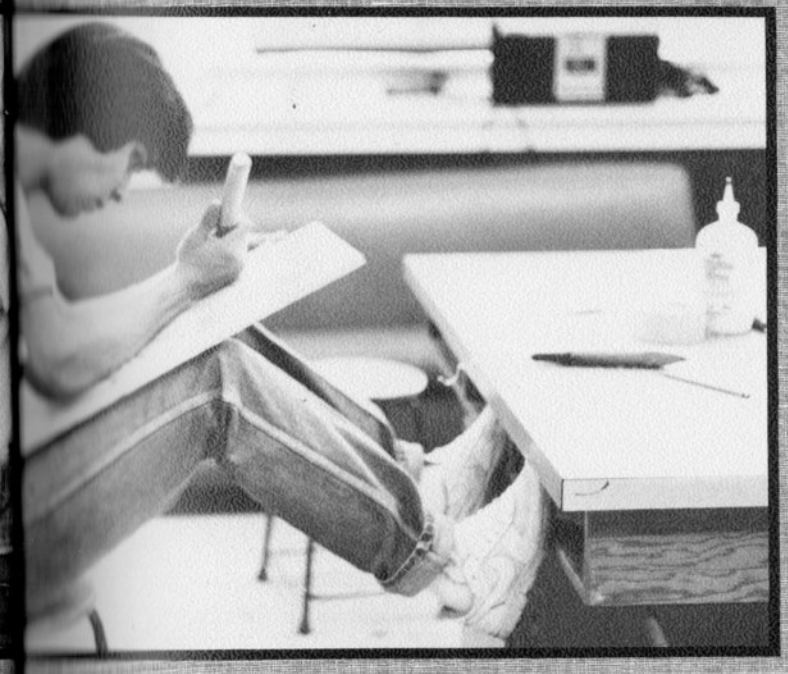
Hi!



C-O-N-C-E-N-T-R-A-T-I-O-N

You like what you see

Dragon Fire

On a starless eve,
In an ancient place,
No lights or sound.

The fires spit
Through a hole,
That rises through the ground.

The twin moons glow,
As an evil mist,
Flows on an evening breeze.

An inhuman scream,
A man's anguish known,
But only the moons see.

A rushing sound,
A rumble heard,
Beams of light thrown.

A mighty creature,
And his friend,
Make their presence known.

A triumphal scream,
And a welcome shout,
Man and beast are shown.

But they are dead,
And held by fire,
So they may never go.

Mary Harrison

Yester Year

I know times are changing,
but I was born too late.

I live for yesterday, but my
faith has gone astray.

When I walk down the halls
people stare,
Why can't you accept me, and
what I wear.

I think of years gone by
when love was in the air.
War was not wanted then,
but now hate is everywhere.

Why, oh, why must I feel lonely
inside.

Why, oh, why must I live in a
different time.

Chris Morris

My Beast

Let me go
Your life is holding mine
Set me free
Before I lose my mind.

Your tongue
Is like fire that burns wounds.
And your hair
Is rope that binds me to you.

To be with you
Is excruciating pain
To be held by you
Is excruciating shame.

Your eyes
Are twin moons
And your heart
Is a star that feels my every move.

I beg the sky
I plead the light
I ask for freedom
With every passing night.

Mary Harrison

Unicorns Be

Elusive, just out of reach.
Where are they running free?
Where do the Unicorns Be?

Galloping here,
Hiding there,
But you see them everywhere.

Is it a he,
Or is it a she,
Are they even Unicorns Be?

Ah, they fly,
Near the sky,
As they frolic by.

But soon we see,
That we are all free,
And we are where the Unicorns Be.

Mary Harrison

Helpful Hints for Studying

1. Make notes and underline main points.
2. Review your notes at end of each school day.
3. Review entire weeks notes at end of each week.
4. When exams approach build a study time table with emphasis on the weakest subject.
5. Pay attention during review classes.
6. Don't study with T.V. or radio on. A good place to study should be in isolation free from noise and distraction.
7. Study should be at the same time daily for the same duration during the study period.
8. Study one subject at a time (not 13 min. of each)
9. Ask yourself or get someone else to ask questions on the subject you are studying.
10. Study those subjects you like least, first.
11. Summarize your notes in each course until they are only a few pages.
12. Don't study past your normal bedtime (that is - don't cram!)
13. Study in a well lit room with light on your books coming from overhead.
14. Prop your books up slightly so you don't have to bend too far to read.
15. Sit in a good firm straight backed chair. It doesn't pay to be too comfortable.
16. Keep walls ofyour study area free of such distractions as posters, and don't face a window.
17. Read instructions, remember a pen.
18. Don't waste time on any question you don't know.

The greatest and most important point is to create within you the desire to succeed - not necessarily for self-aggrandizement but to set the goal and strive for it.

Truth

Painted flowers
On a painted vase
Why can't anything be real?
Painted smiles
On a painted face
Why can't I feel?

Why is everything fake?
What was my mistake?
Did I know what was real,
Or what was at stake?
Why did he go?
Why didn't I show
How I really feel?
How could I know?

Smile pretty even though
Your pain can't show
Even though your heart broke
You knew how it was
This way only because
His eyes not his lips spoke.

Why can't it be real?
Why can't I feel?
How it is now
That You're not here?
Why are you gone?
And left me alone?
You don't know how
Dark it is after you're gone.

Good Morning(?)

Alas! I'm late for 'A' again
The teacher gives a frown
My peripheral is kinda hazed
My aching skull still pounds . . .

Oh, curse these early English tests
Studied in the dead of night
My stinging eyes were bloodshot all
From strain in candlelight.

The teacher hands the dreadful sheets
I blink and take a look
I recognize these not at all
I read the wrong damned book!!

When the test is over
I know not whom to blame
'Cause out of half my term
I only wrote my name . . .
I struggle through my science
Which flashed before me eyes
We have another little quiz
My bank of info dries . . .

Algebra is coming next
The whole day kinda sours
I cannot take another block
Thank God for early lunch hours . . .

A Scenario

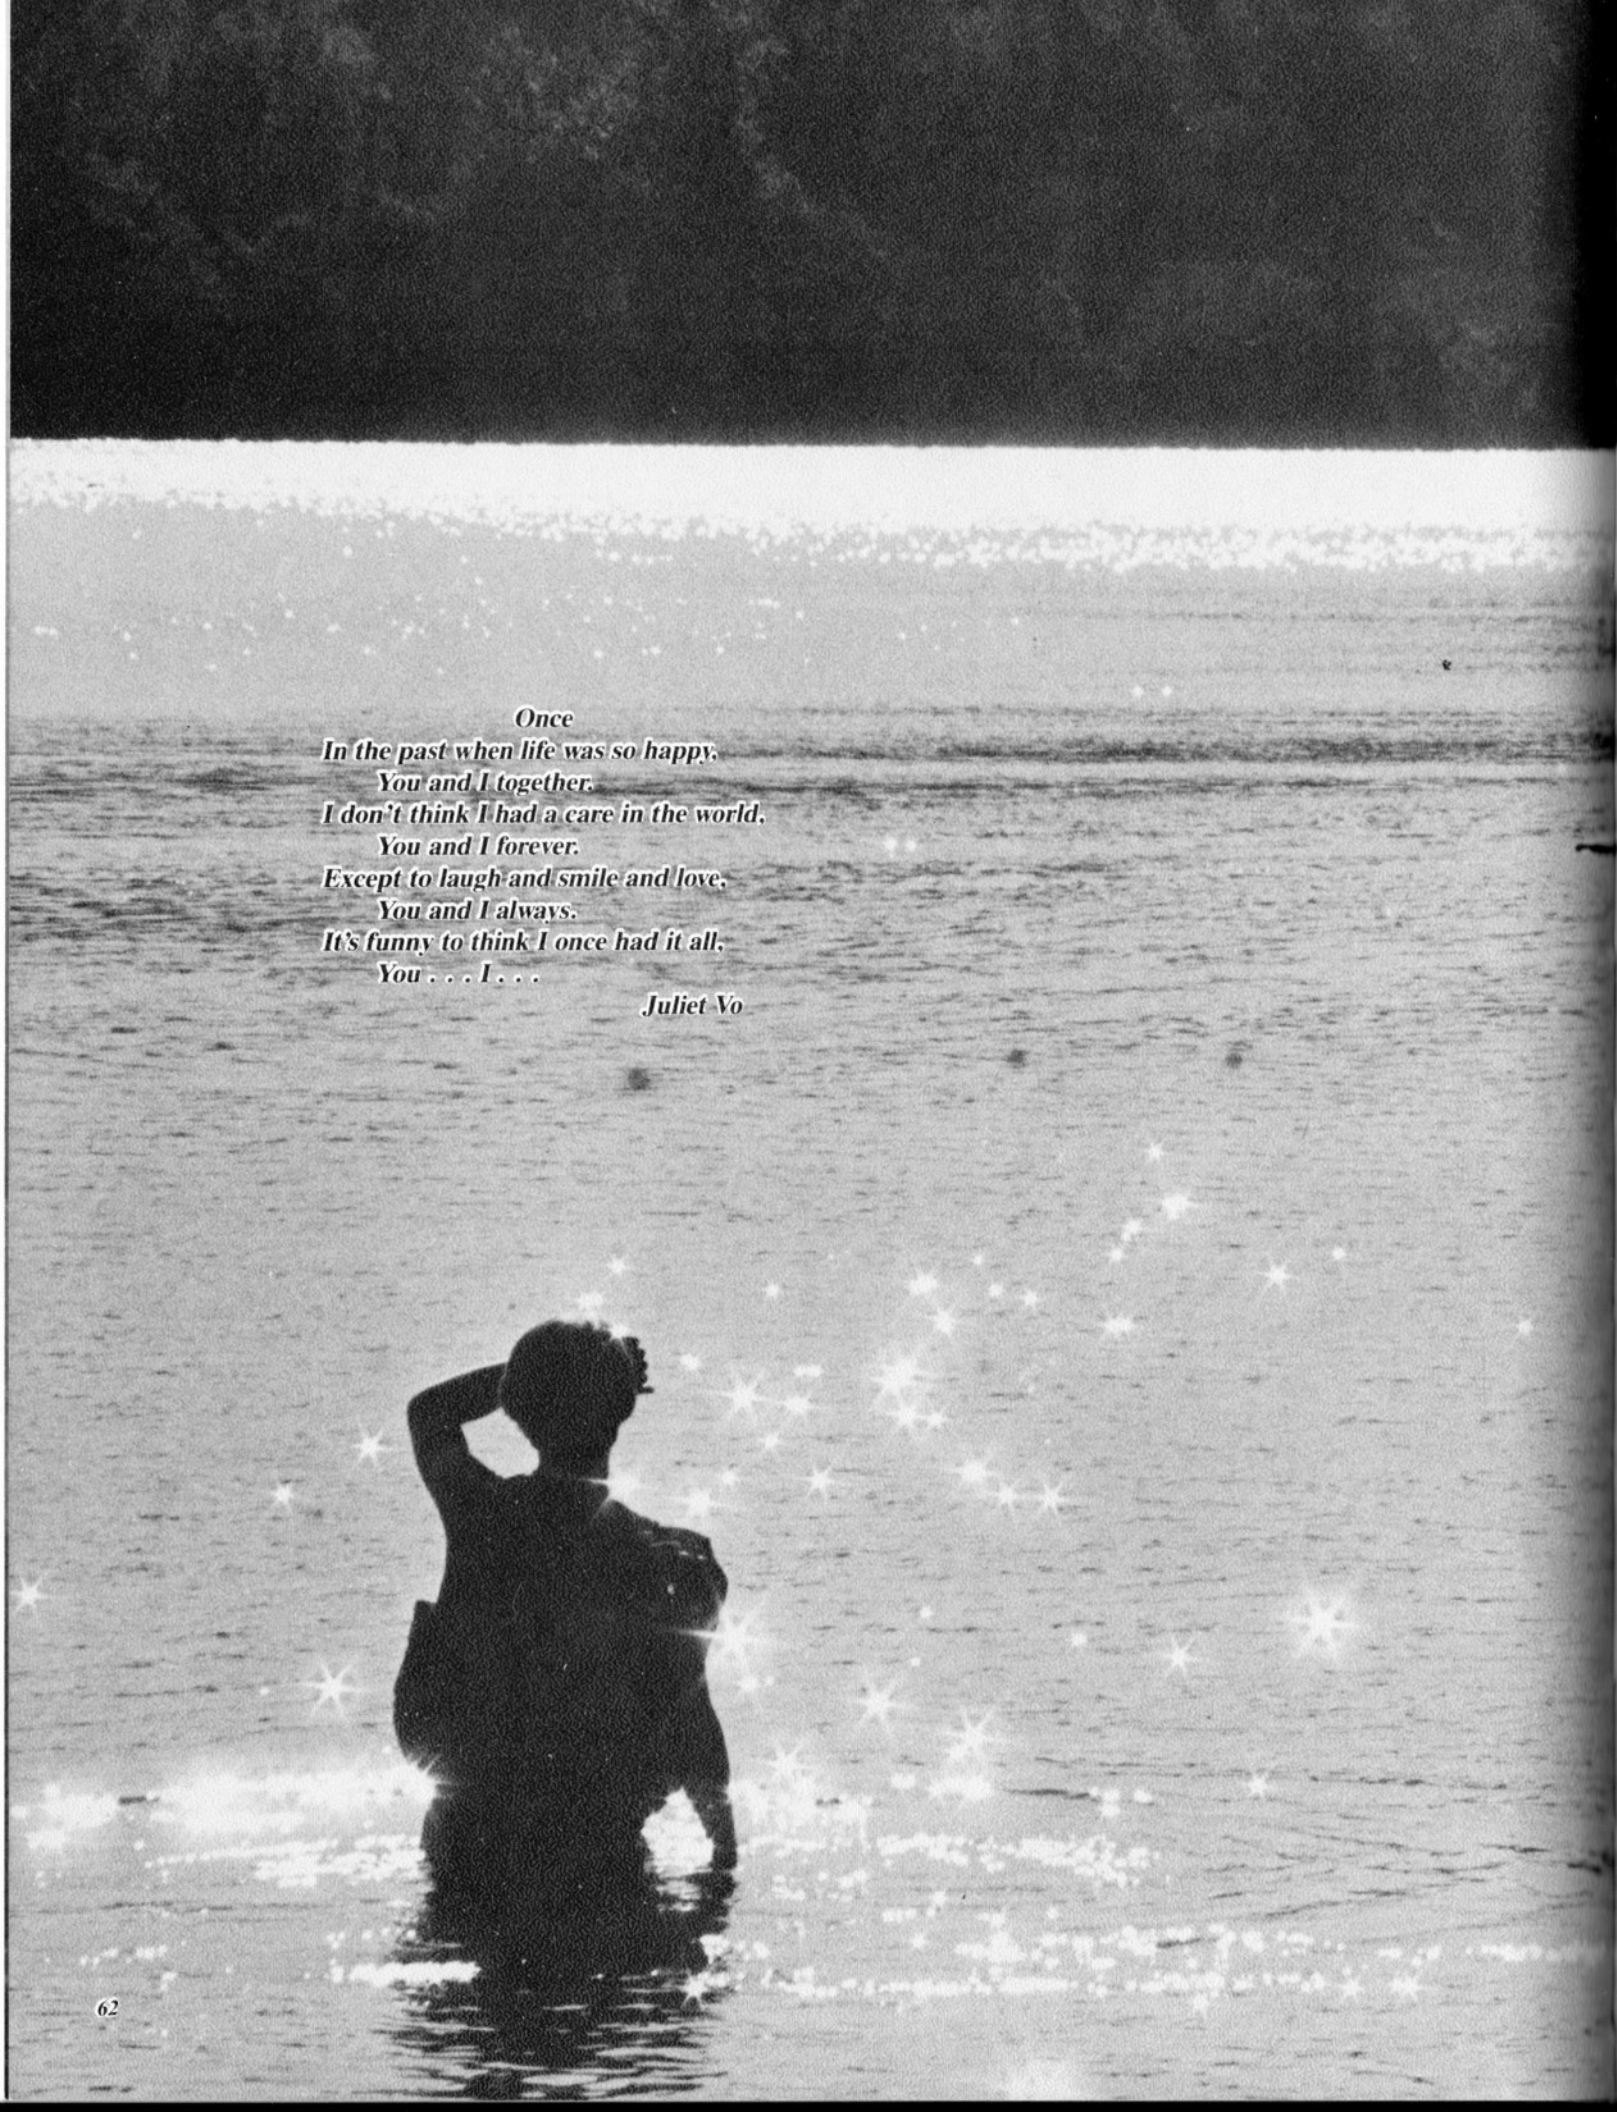
Will you walk me home
Or shall I go alone?
Did we ever plan to go on this way?
We think of different plans
And there's nothing really more to say.

The silence is strained
Our thoughts are pain
And tears seem to want to cry.
But if in the end
We're still friends
Will we even try?

Is that a chill
Or am I just ill
Because I don't want to let go.
I suppose we should
And we really would
If only I didn't know.

But here's the scene
And I'm not gonna scream
So I guess this is so long
I'll hide my eyes
So you won't see me cry
And in the end we're both wrong.

Mary Harrison



Once
In the past when life was so happy,
You and I together.
I don't think I had a care in the world,
You and I forever.
Except to laugh and smile and love,
You and I always.
It's funny to think I once had it all,
You . . . I . . .

Me

Here I am
Alone
Wondering
Waiting
Who am I?
Who will I become?
Who will I meet?
I wonder, will I be famous?
Will I be rich?
Will I be happy?
No one can answer my questions.
Only time and patience will tell.
So I must go out and live and learn.
For I am only here once.
Then I will be no more.

The way a school functions is the administration's responsibility to maintain the organized operation of our school.

"There is a destiny —
that makes us brothers.
None walks his way alone.
And all that we send into the
lives of others,
Comes back into our own."

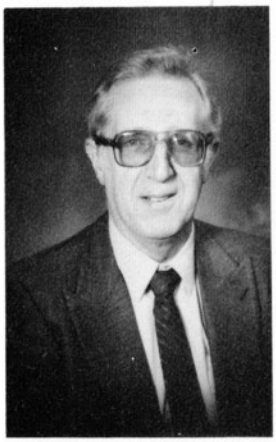
Victoria High School is composed of a grand mixture: A mixture of students from a wide variety of ethnic backgrounds, a wide variety of home backgrounds and a wide variety of ability and interests tightly united by a spirit of warmth and joy — A COMMON BOND.

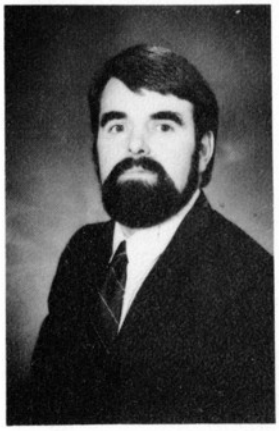
This year, we have integrated both students and important new programmes into our school. It may be truthfully stated that no school on Vancouver Island caters to the needs of a wider range of students as Victoria High. Such immediate and successful integration may only be accomplished in an environment where people truly care for each other.

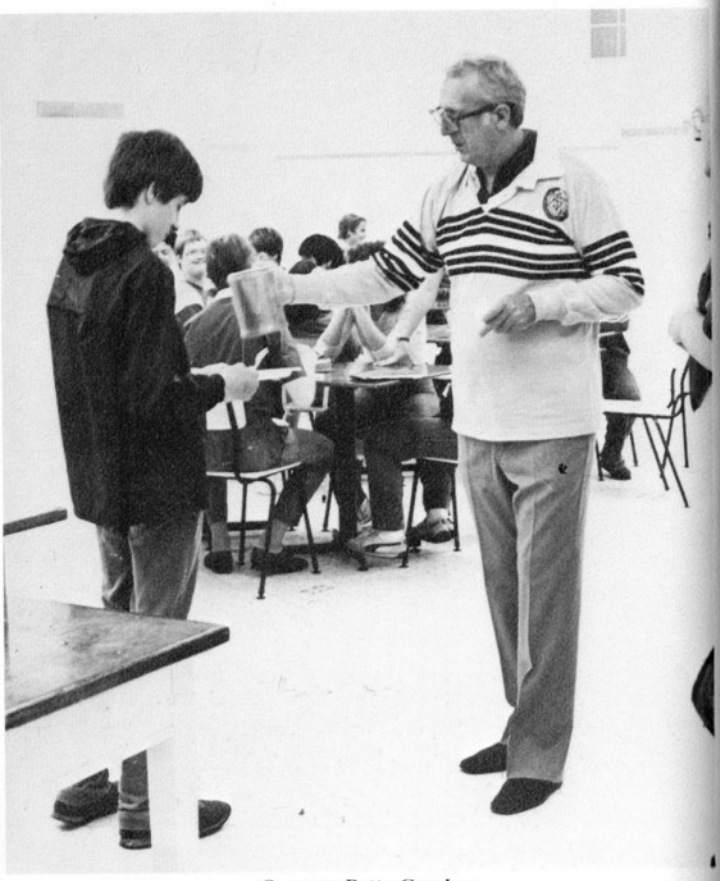
I congratulate our students and teachers for forming A COMMON BOND.

John Lowther

Principal



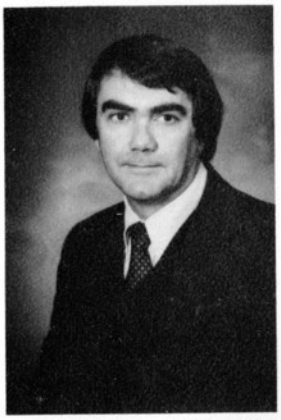


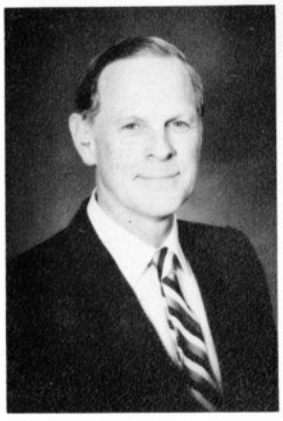


Our own Betty Crocker

Mr. Gunn: This administrator's famous words of wisdom are, "You are going to get a shock when you leave school and get out into the world, not everybody is as nice, kind and easy to get along with as I am!". (thanks for telling us!)

Mr. McTavish: Mr. McTavish says he would be building Indianapolis race cars if he didn't teach. The most unusual event in his class was too difficult to describe and no one would believe him anyways. (try us!)





There's one in every crowd

1984 marks the 108th year that Victoria High has played a prominent part in the community it serves. We live in exciting and rapidly changing times on the leading edge of a technological wave. Possessing the creative power to adapt to this swiftly changing environment, we must be prepared to examine our assumptions about the manner in which we live, and make appropriate choices so that we may remain on the edge — rather than being caught in the undertow. This creative power is our true common bond. Your Camosun staff are to be congratulated for exercising their creative powers so ably in producing such a fine record of this year's progress. Best wishes to all this year's grads — for a happy and prosperous future.

"This is how the pros do it!"

Mr. Chan: Mr. Chan's famous story is "I don't run, exercise, etc. because I'll use up all my beats since my heart has about 4 billion beats in my life time. So, I don't want to use them all up early."
Mr. Wignall: Mr. Wignall teaches I.E. courses in the Fairy Tech building, but he failed to return his questionnaire. That is the reason why we could not reveal any information about this teacher.

Confusion surrounds school situation in Victoria area

Bitterness brought on by Tuesday's planned walk-out of teachers will linger long after the picket lines are down, according to one Greater Victoria high school principal.

"There is conflict in the staff rooms," said Court Brousson, principal of Esquimalt high school.

"The issue of whether to work Tuesday or not has split the teaching staff so that long-time friends are arguing with one another. They are becoming hostile."

Brousson said teachers are wrestling with the morality of their position.

They have a responsibility to the students, and a responsibility to their professional organization.

"I feel a lot of them are thinking that should teachers not get behind the B.C. Teachers' Federation, if there is a split decision from teachers on this, the federation will be doomed forever as a professional organization."

Said Gulf Islands school district teacher Mike Hayes: "Teachers are asking themselves: Should I be in school on Tuesday to teach my subject, or should I stay outside trying to ensure that we will have an education system to teach in months or years down the road?"

He said teachers are considering action in support of a moral, not a monetary issue. And they are worrying about students.

But it is the old question of whether short-term pain is necessary for a long-term gain.

"We have to wonder whether we should stay at work and allow the educational system to decay and deteriorate, and at this point teachers are asking themselves which is worse — taking a moral stand in an attempt to prevent the decay, or remaining on the job as long as possible and allowing this deterioration to continue for five or six years until there is nothing worthwhile left," said Hayes.

"Teachers are honestly afraid for the education system. That is why we see so many teachers prepared to stand up and do something they wouldn't have countenanced even a year ago."

Hayes noted that teachers voted 60 per cent last year against having the right to strike. This year they voted 60 per cent the other way.

"I think every teacher who walks the line outside the school on Tuesday perhaps is showing more courage than he has ever shown before."

Another teacher said history shows academics have taken a lead in fighting for moral issues, while most people concentrated on bread-and-butter issues.

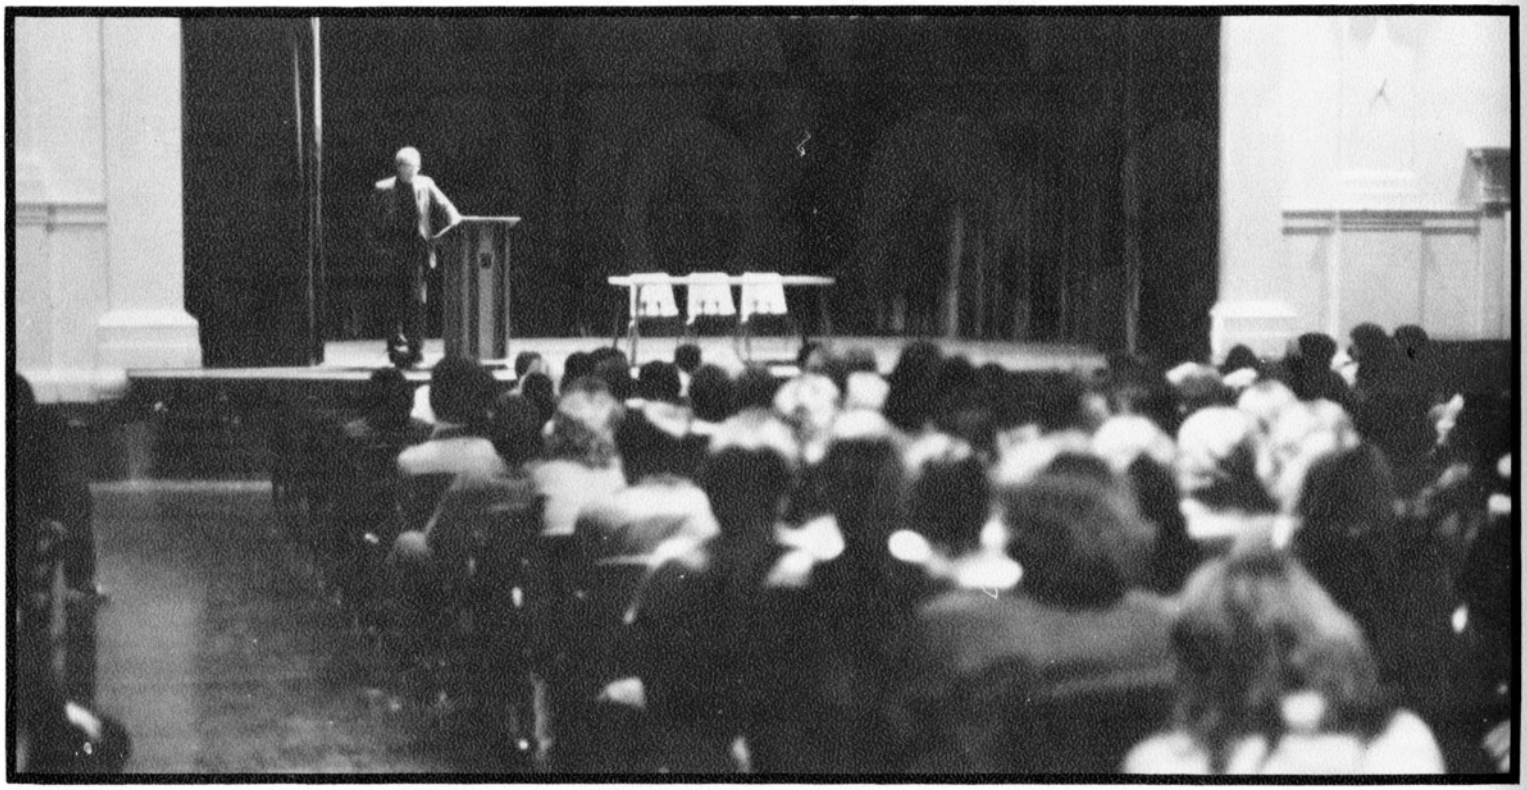
Teacher-student conference

From trash to schools,

TIMES-COLONIST - 31 OCTOBER, 1983



SPEECH!

On Tuesday, November 8, 1983, there was a province wide teachers' strike. All the students were given his or her right to cross the picket line that day. At 8:30 in the morning, there was an assembly held by Mr. Lowther. Those of us who came to school sat and listened to the 40 minute assembly. Some of us worked to catch up our school work in the cold, unheated building. While others, after staying about an hour and finding nothing to do, left for home. I was glad that the teachers in the Victoria district were ordered back to work the next day by a court order from Vancouver. If we missed a few more days, it would cause some students' term grade to drop. However, the office staff and custodians were on strike 2 days longer in Victoria. During the two days, the school remained cold, and most of us had to wear our coats to class; besides the heat, all the garbage containers were over filled. Although most of the staff of our school united for their rights and future education, it was overall a fairly successful demonstration to the provincial government.

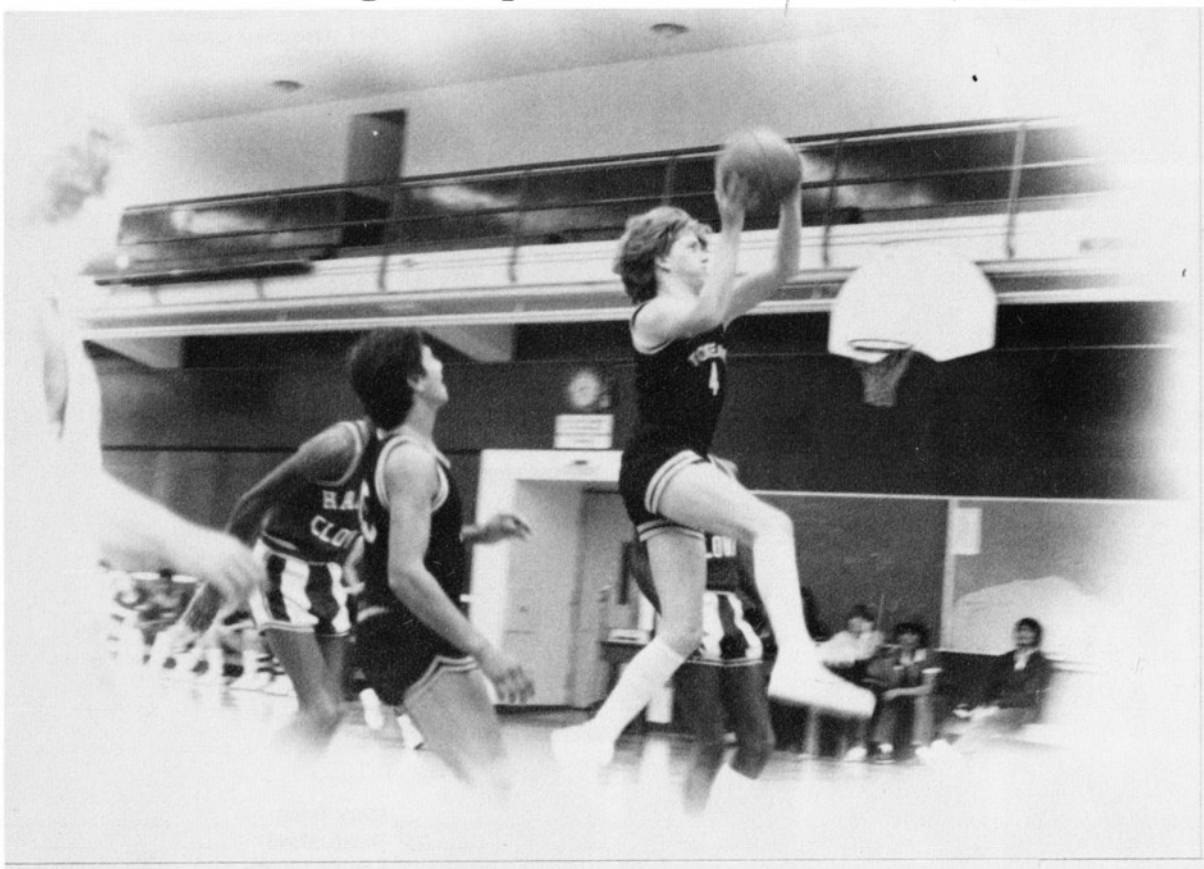
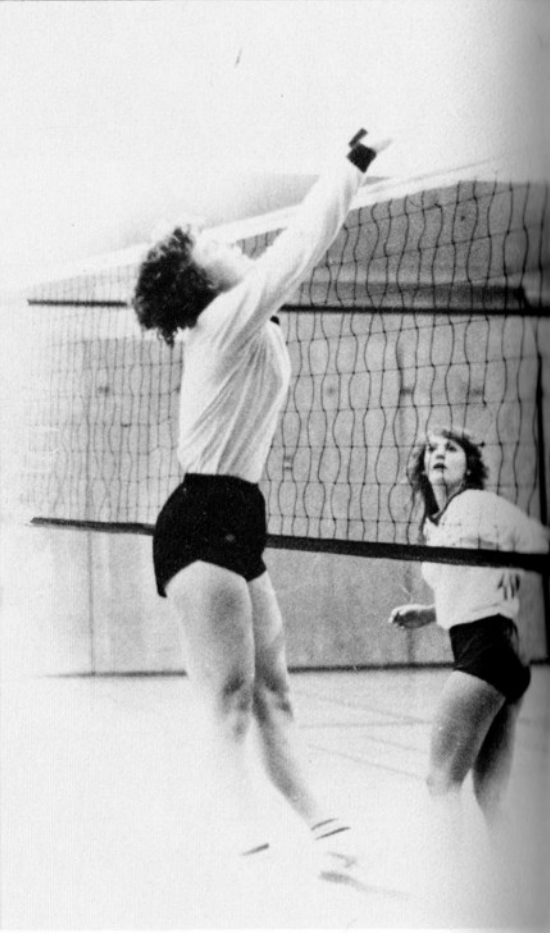
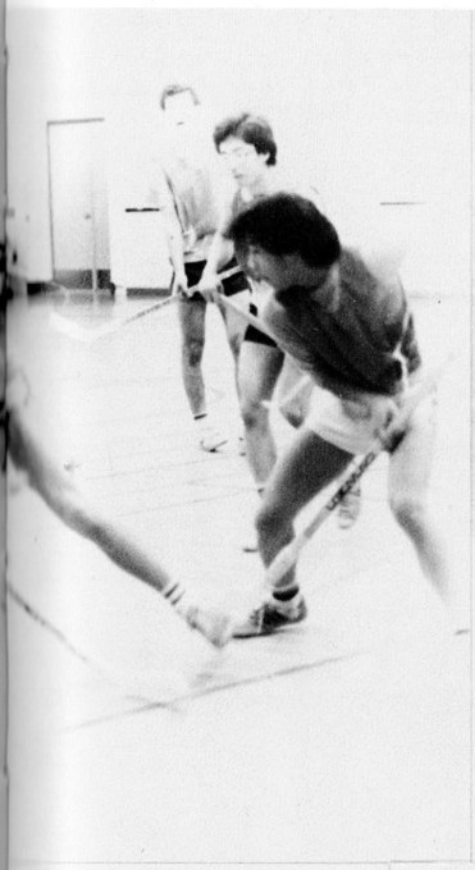
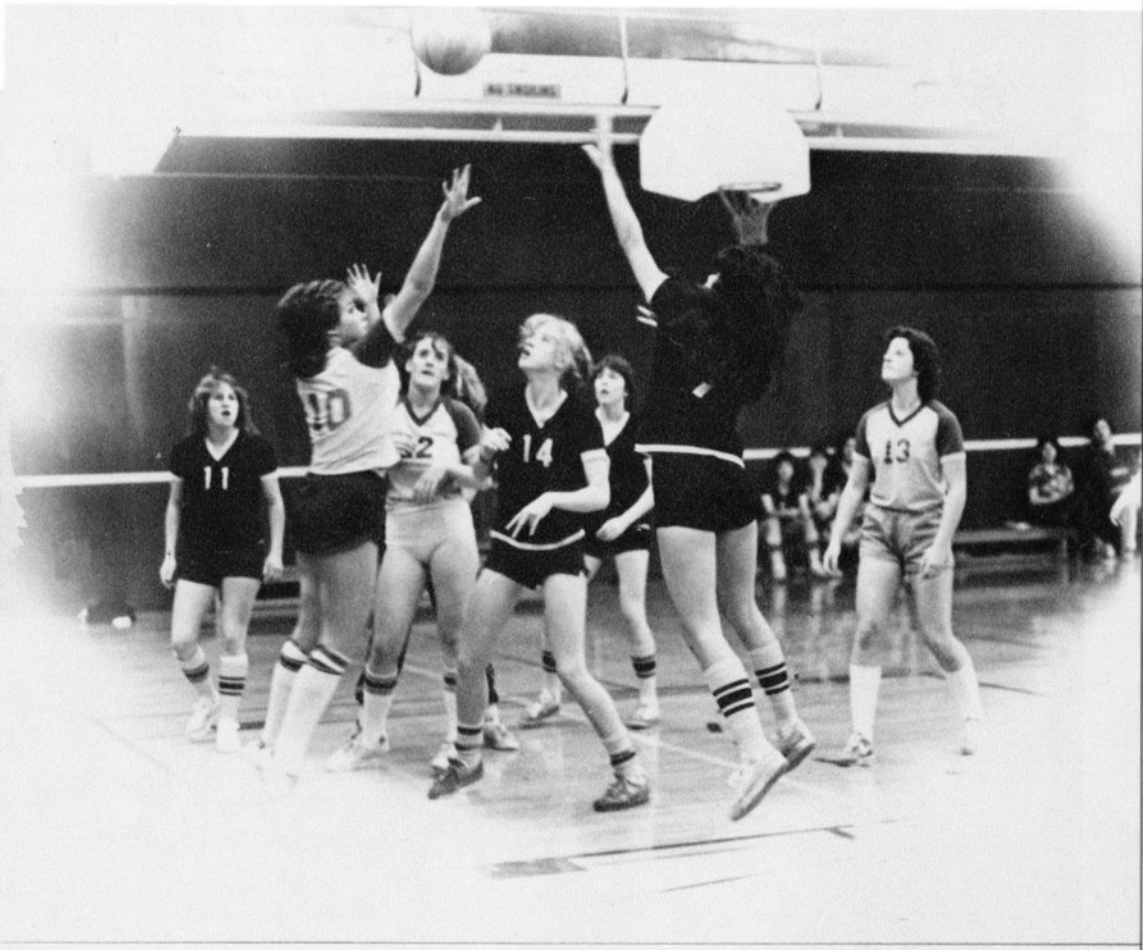
Will no. 10 please stand still!!!

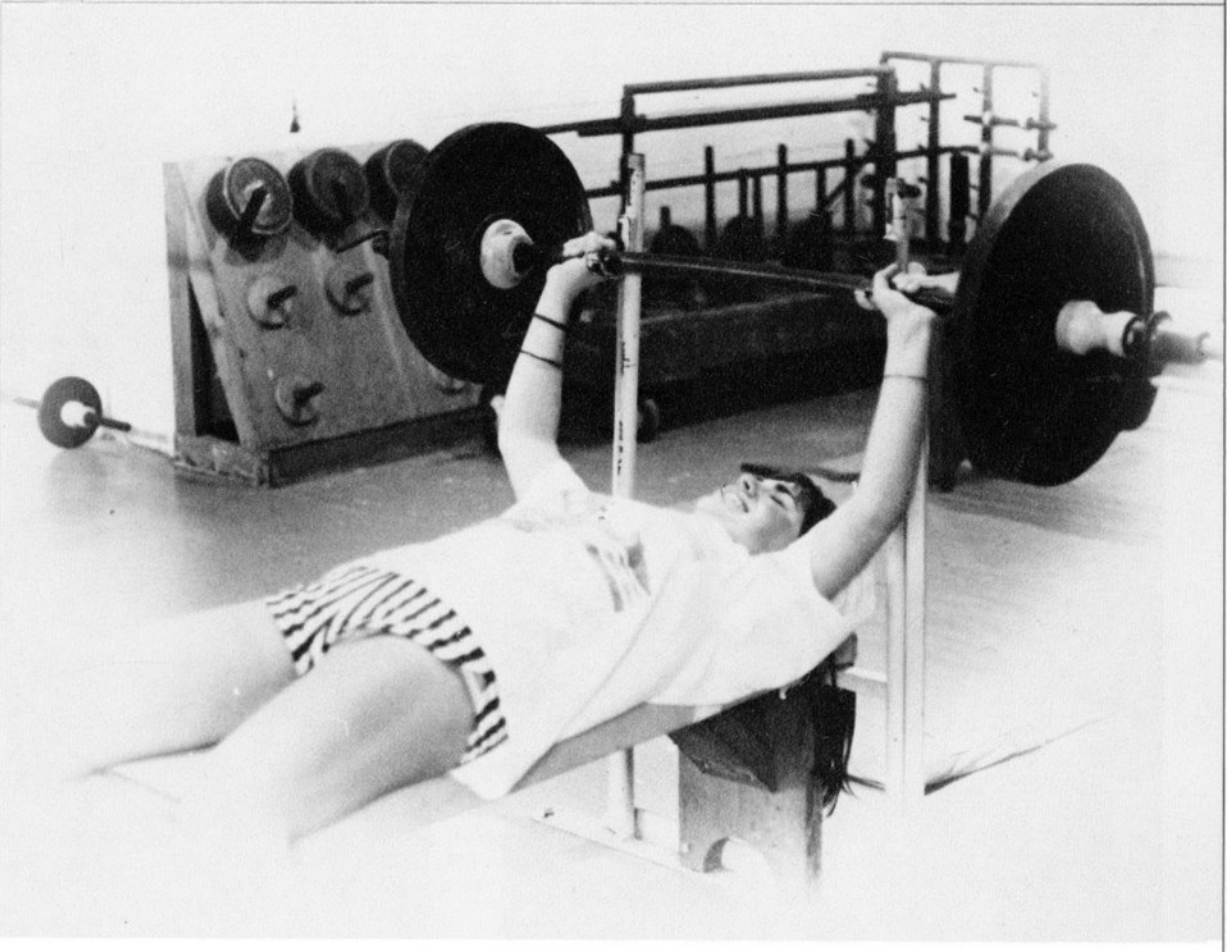
It is with friends that we share the thrill of victory and the agony of defeat through competitions as well as learning about sportsmanship.











A good effort by the Tsaquatches

Despite the fact that the team consisted mostly of one and two year players, the Tsaquatches still had a very competitive season. Since the team was at a slight disadvantage due to the lack of height, the team members made this up in volleyball skills. The Tsaquatches participated in the UVic Tournament and the Island Finals, coming through fairly well in both. The team would like to thank Mr. Paone and Coach Brochu for all of the time and effort they put in coaching the team.

The team consisted of top (l-r): Ethan Whittla, Peter Dunlop, Tarsam Basi, Darren Sufferin, Rob Dasanjh, Dwayne Pearson. Bottom (l-r): Damon Johnson, Roland Mark, Kevin Chu, Craig Chan, Jason Chan. Missing: Harvey Chow (captain).

Tikis 3rd in City for Second Year in a Row

The Tikis had a very challenging season in which they placed third in the city behind Mt. Doug and Spectrum at the end of the season. The Tikis participated in the UVic Tournament and hosted the annual Vic High Tournament. Well done Tikis!

Team members: Mrs. Egan (coach), Paige Munro, Brenda Butler (captain), Chrissy Billy, Kathy Robinson, Kim Lovegrove, Renata Sielecki, Corrine O'Connor, Deanna Duff, Ronda Marshall, Jill (athletic trainer).

Better luck next year Totems!

This was a rebuilding year for Coach Valdal with six rookies on the team. The Totems were led by two seniors, city all-star John Rados, and the outstanding shooting of Sean Gorman. The highlights of the season were placing second in the Courtney tournament and third in the Mt. Doug tournament. The team finished fourth in the league to qualify for the Island Championships. Due to the tough competition faced at the Islands, the team failed to place. Many thanks go to Coach Valdal and his assistant Rav Pallan for their time and effort.

Team members are: (l-r) Rav Pallan (assistant coach), Darren Suffern, Dwayne Pearson, Wayne Davis, Tugo Rados, Sean Gorman, John Rados (captain), Jason Jordon, Mr. Valdal. Missing: Clint Bilton.

A rebuilding year for the Tigers

The Tigers had a gradual rebuilding year after being absent from high school play. Into their second season, the girls struggled to get back on their feet again. Sparked by high scoring Cindy Pascuzzi and Ronda Marshall, the Tigers enjoyed a well played season. With a 3-9 win-loss record. The highlight of the season was beating Oak Bay by 8 points in a weekend tournament after losing to them a week earlier by 1 point.

The team members include Cindy Pascuzzi, Corrine O'Connor, Sue Matkovic, Dawna MacDonald, Paige Munro, Chrissy Billy, Kathy Robinson, Wendy Robinson, Lisa Littlechief, Leanne Stovel and Ronda Marshall.

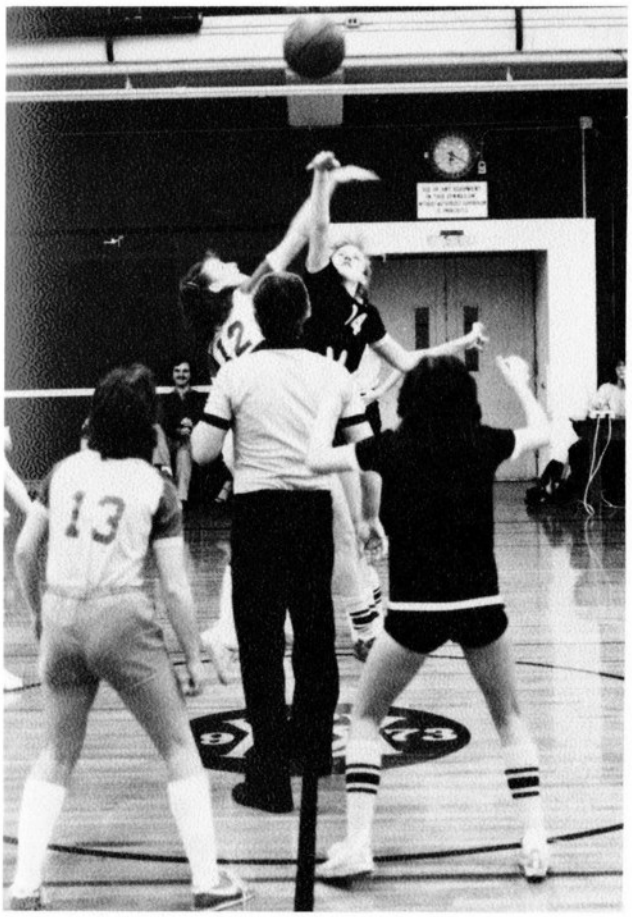
Titans determined to have a good season

Our Vic High rugby squad is experiencing another very interesting season. The team is composed of players with very little prior experience, if any, but makes up for this with a natural enthusiasm for this body contact sport.

In the initial stages, Mr. Briggs had difficulty in convincing the boys the importance of practicing and becoming physically fit. As we go into print after three league games it appears that the corner has been turned and some of the league powerhouses are due for an upset by our hard fighting Titans.

The team is led by captain Jim Porcellato; like most of our players, Jim had not played rugby until he came to Vic High. Now Jim is leading his band of renegades against the Preppies of our suburban schools and doing a mighty fine job.

Hookers — Gord Moseley, Al Schmidt; Props — Dan Shea, Don Dinh, Brad Fauteux; Locks — John Mensink, Tony Paradis; Eighth man — Neil Stanby, Tony Nouta, Chris Terpenning; Flankers — Jon Smith, Jason Hitchmough, Dan Childs; Scrum-half — Sean Gorman; Fly-half — Tugomir Rados; Centers — Jim Porcellato, Art King, Kevin Walsh; Wings — Rick Fillion, Wayne Davis, Glen Woolford, Cam Martin; Fullbacks — Paul Furtado, Chris Redfern.



Who's shall it be?

Go for it!!

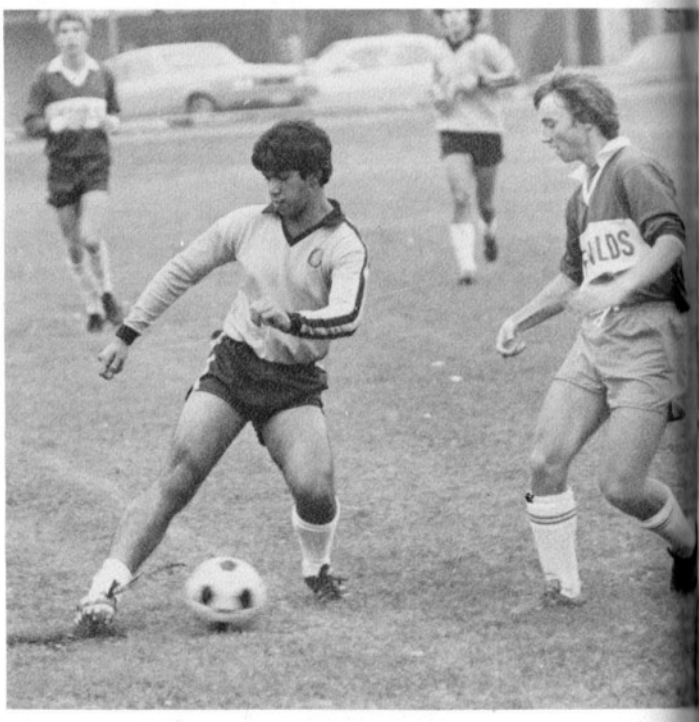
Chain reaction

Cross Country

This year there was one serious competitor and many fun runners who enjoyed the occasional run or race. Philip Greenwood, the serious competitor, trained hard and by the end of the season, he was consistently placing in the top 10.

A tough season for the Tyees

No, just kick the ball



Fancy footwork

The Tyees struggled this season to maintain a successful year. The team was comprised mostly of grade twelves who were into their first year of playing competitively. Top scorer of the team was Bob Sousa with five goals. A good effort Tyees!

Team members — Back Row: Mr. Valdal, Lloyd Rees, John Rados, Tom Frith (keeper), Keith Hayton (captain), Rob Bird, Sukh Basra. Front Row: Pat Hunt, Bobby Sousa, Lyle Ritchie, Bruce Won, Jason Hitchmough. Missing: Ammar Sanu, Trevor Fornelli.

Coffee break???????????

This year the Tyettes were promoted to the first Division of the Lower Island League. At the time of print, the team is looking forward to its 14 league games and should be strong enough to be in contention for a play-off berth. Good luck girls!

Team members: Norma Smith, Maria Heard, Lisa Coleman, Cindy Doray, Brenda Butler (Captain), Robin Peaker, Kim Lovegrove, Carla Dickson, Natasha Hart, Kathy Vander Doelen, Joanne Mountan, Nora Caton, Paige Munro, Chrissy Billy, Corrine O'Connor (Vice-Captain), Nancy Niksic, Leanne Stovel, Janeena Buckley, Ronda Marshall.

Many thanks to Albert Dawson and Mr. Denby for their fine coaching.

Badminton Club

Between 25 and 30 students actively participated in club play. Of these, six girls and seven boys represented the school in the Senior Secondary Badminton League play.

Girls: Wendy Chan, Grace Mew, Michelle Monahan, Colleen Murphy, Renata Sielecki, and Leanne Stovel.

Boys: Harvey Chow, Tarsam Basi, Peter Dunlop, Philip Greenwood, Trent Hamilton, Yudi Lee, and Roland Mark.

The "Thunderbirds" won 6 of 10 matches, to place 5th in a field of eleven teams.

Intramural Floor Hockey

A group of five teams were involved in the noon-hour floor hockey. Three were the Oilers, Charlestown Chiefs, Philadelphia Flyers, Canucks, and the Wembley Lions. The teams competed in a series of round robin play. There were two leagues going on. The Fall league, which was won by the Chiefs, and the Spring league, which at the time of print was still in progress.

"She finally made the wrong move!"

Video Club

The club met daily at noon in the third floor theater (Room 310) to view some of Hollywood's best (and worst) movies. A committee under the leadership of Elliott Parr, met every week to choose the films for the following week. Some popular selections have been: "Brain Wash", "Twilight Zone", "Creepshow", and "First Blood".

Admission to the shows is to club members only, some of whom are: Vince Church, Roger Harris, Andrea Lee, Tiffany Lowe, Heidi Mackenzie, Rene Milord, Ken Pungente, John Situ, Ian Smith, and Brad Spence.

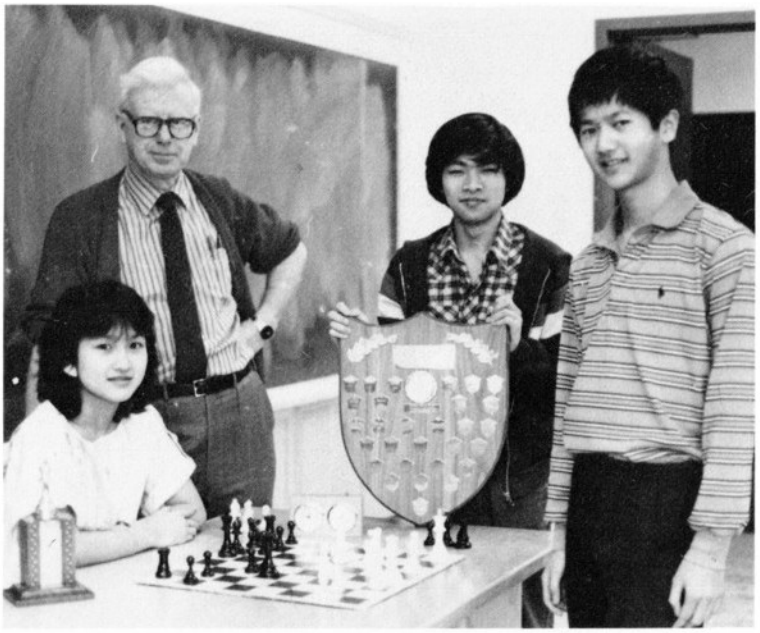
Christian Club

This year the Christian Club met every week for Bible studies and discussions on issues concerning the students. Many thanks goes to the club members for their support and the club sponsor Mr. Ashwell and Rob Stewart, the city chairman of I.S.C.F., who led the meetings held in Room 208 every Friday lunch hour.

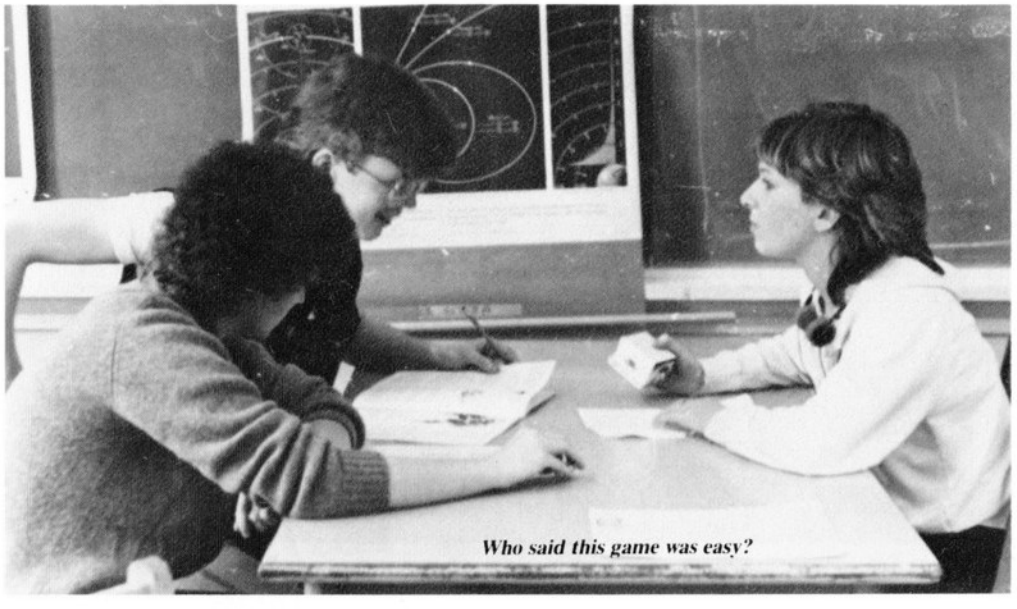
Club members are: Back Row (l-r): B. Ashwell, Linda Chapman, Grace Mew, Gina Wong. Front Row (l-r): Heather Slater, Nora Caton, Juliet Vo, Mary Wong.



Chess Club

Players met from time to time for informal, social games of chess. The group was small, and included Tyler Johnson (president), Damon Johnson, Jason Lee, Roland Mark, David Chow, Juliet Vo, and Chris Babbage.

The Vic High team will be looking forward to, at the time of print, the inter-school tournament, trying to retain the Bains-Lewis shield for the city championship as well as the annual Woodpushers tournament. Many thanks to club sponsor Mr. J. T. Chell.



Who said this game was easy?

Games Club

The Games club added the truly offbeat touch to the otherwise boring lunch-hour existing at Vic High. Situated high atop this stately fortress (Room 412 to normal mortals), the rag-tag crew of Ken (Capt. Zorbo) Harper, Darren (Super Mouse) Hooson, Sean (the little psychopath) Byrne, Islay (Smiles & Chuckles) Duffill, Ray (the Blank) Slater, Tom C. Holland, and the admiring hordes of Mike Olsen, Mary Harrison, Lisa Coles, Ron Sharcott, Ross Parker, and Mark McDonough, overwatched by the high authority of Mr. McIntyre, club sponsor.

This group met to pursue courageous adventures into the mind boggling worlds of "Dungeons and Dragons", "Villans and Vigillantes", and "Spot the Brain Cell".

Drama Club

The Drama Club members met in the auditorium for fun and intensive rehearsals — especially before each production. Members do improvisations, mime, singing, dancing and clowning. Many thanks to Ms. Wong for sponsoring the club. Members include Lisa Coles, Darren Hooson, Sean Byrne, Lisa Frew, Steve Dorsey, Mary Harrison, Micheal Olsen, Ken Harper, Dan Childs, Pam Jones, Brad Burns, Kathy Robinson, Debbie Park, Sarah Henrich, Vanessa Roland, Heidi McKenzie, Linda Chapman, and Travers Grondin.

The Windsurfing club proved to be quite successful for its first year. The club members went on weekends or after school to Elk Lake and Willows Beach for some serious windsurfing. The club consisted of seven radical members who braved awesome winds and cool temperatures for cosmic times. The club members include Heather Fowler, Jessica Gillingham, Chris Babbage, Lloyd Rees, Colin Richards, Steve Dorsey, Keith Hayton, and Mr. Blasner (sponsor).

Outdoors Club

This year's Outdoors club went on six weekend camping trips. These trips included everything from canoeing to cave-exploring. The club raised money for transportation through raffles of an Indian sweater and a canoe. Campers included: Doug Ghanam, Mr. Campbell, Renata Sielecki, Heather Fowler, Brian Cohoon, David Auger, Aubrey Trotter, Gordon Fenske, Tom Frith, Gary Parker, Lyle Ritchie, Rick Fillion, Corrine O'Connor, Maria Heard, Liz Monez, Tracey Evans, Colleen Murphy, Petra DeMooy, Cindy Pascuzzi, Mr. Sedgwick, Mr. Somers, Steve Dorsey, Kevin Walsh (President), and Lloyd Rees.

Editor's Message

All the planning, organization, development, and production for this book was a lot of fun, laughs, devotion, and frustration. As the school year progressed, I, along with the members of the class experienced many difficulties such as fund raising (for example, selling chocolate covered almonds and raffle tickets for prizes of cabbage patch kids), waiting in line to speak with Mr. Chan, taking turns in using the contact book, and the rush to complete everything when a deadline is approaching. Everyone of us have learned about the atmosphere of yearbook production and the determination needed in order to succeed. This year's Camosun yearbook class members include Nora Caton, Mary Tarokic, Wendy Chan, Wayne Tompkins, Janice Webster, Monica Frame, Traci Lawton, Laurie Fargo, Dawna MacDonald, and Mary Mok.

This year, the Photography Club took the majority of the photos for this yearbook with exception: the creative photos which Mr. Chan took. (We didn't have a chance!) The members learned to take, develop, and print photos with Mr. Chan's (our sponsor) expertise; and many thanks is extended to Mr. Chan for all his shorten Tuesday lunch hours this year. The main active members are Renata Sielecki, Mary Mok, Mr. B. Chan, Lisa Lee, Donna Spence, Rosilyn Soo, Monica Frame, and Barbara Grant. Members who were not present during the photo taking are Juliet Vo, Dallas Sopotiuk, and Wei Kitnikone, "Photography is just one way of reminiscing memories of our past school days."

Without the assistance of the Photography Club, the numerous hours of hard work and effort by the class members, the many talented artists of our school, and most importantly, Mr. Chan's (our sponsor) guidance and supervision, this year's edition of the Camosun would have not been published. I would like to thank David Francis for this year's cover design and Elaine Sinclair who did data processing for the grad questionnaires. She helped the class save many long hours of typing all the grad comments. In addition, I would like to extend my sincere thanks and appreciation to everyone who maintain the quality and reputation of Vic High's yearbook. Lastly, I hope everyone enjoys our achievement in reflecting the many aspects of this year's school life.

President's Message

On behalf of the 1983-84 students' council I would like to express special gratitude to all those people that helped make this year at Victoria High so successful.

Special thanks are due to our principal Mr. J. Lowther for his support of the council's activities. Thank you also to teacher Mrs. Egan and Mr. Camp whose aid and sponsorship made the council's job possible, and a sincere appreciation to all staff for your gratifying support.

But the people that really contributed to the success of this year are the students' council and the students themselves. The events organized by the council were met with enthusiasm and active participation by the students. The dances this year were especially successful because of the large turnouts.

School spirit and involvement as shown by this year's student body is what makes Vic High the great school it is.

Good luck to all next year, but I'd like to wish a special good luck and best wishes to the grads, you're all first class.

Thanks again for an exciting and rewarding year.

On Wednesday, October 26, 1983, we had a Hallowe'en dressup dance. It was very successful, and everyone who came had a very good time. It is hard to believe the imagination of some of the students in our school. The costumes ranged from a policeman, Captain Zorbo to an Easter bunny rabbit. During the dance, there was a costume contest for the most creative costume with a prize for the winner. Captain Zorbo (Ken Harper) won the costume contest. And this is evident that the Students' Association tried with effort to generate school spirit and enthusiasm for all students of our school.

Lights! Action! Glitter!

HOLLYWOOD GLAMOR met Island hospitality this week as the cameras started rolling on *Glitter Dome*, the $4 million adventure-drama based on Joseph Wambaugh's seamy novel about the hazardous lifestyles of Los Angeles police officers.

Victoria, posing as L.A., has been the site of steadily mounting excitement since Monday's start of a four-week shoot that wraps here Nov. 4.

From here, the filmmakers complete principal photography with a week of lensing wide-shots and pass-by's in Los Angeles to establish the film's big-city setting.

Gawkers, autograph-seekers and the merely curious, hoping for a glimpse at stars James Garner and John Lithgow, have followed filmmaker Stuart Margolin and his sizable crew from location to location. The movie's third star, Margot Kidder, arrives here Monday.

So far, *Glitter Dome*'s predominantly Canadian crew has filmed scenes at the Fisgard Street car park, St. Andrew's Cathedral, Beacon Hill Park, Oak Bay Marina, Princess Mary Restaurant (doubling as a saloon) and Victoria high school.

The production, scheduled to air as a 90-minute pay-TV movie on HBO and First Choice next year, means an infusion to the local economy of nearly $1 million in purchases of goods and services, hotel and motel accomodation, restaurants, and so on.

Two-hundred bit players and extras plus 100 film technicians from Victoria and Vancouver have been employed since pre-production began in August.

At that time, Margolin and co-producer Justis Greene called upon local film specialists Randy Cheveldave, Brent Clacksen and Dennis Moore to scout some 40 film locations, arrange casting calls and aid in obtaining city co-operation.

Now, with production in full-swing, the movie company's presence has understandably prompted some double-takes from Victorians not accustomed to seeing leafy palm trees, ethnic young hooligans and gunfights in their city.

ON A recent day of shooting, Vic High's playground is transformed into a seedy schoolyard, complete with graffitti worthy of the New York subway system and lingering delinquents. A 15-metre palm tree, prodded by a nippy breeze, sways back and forth beneath sunny skies.

The casually-attired director is issuing last-minute instructions for a scene in which star John Lithgow, as a disgruntled cop, is to chase a criminal through a rundown area.

On two Thursdays, October 6 and 13, 1983, Victoria High School's Fairy Tech building and central stadium was used by Universal Studios to film the movie "Glitter Dome". Most of the filming at our school was done during the afternoon, so many students as well as teachers observed from window ledges, on the roof or just on foot to see the exciting Hollywood filming. Movie stars such as Stuart Margolin, James Garner, and Margot Kidder starred in the movie. Many students thought that it was the most interesting event which happened in our school this year.

On Wednesday, December 7, the Students' Association held the last dance of 1983 in our school. The Roper gymnasium was all decorated with the colours of red and green to meet the Christmas spirit; also, there was a Christmas tree all trimmed with decorations of all kinds. Many people attended the dance, and the majority enjoyed it very much.
